Dear Mr. Bradley:

Re: Operations and Maintenance Manual
 Manville Disposal Area
 Waukegan, Illinois

We are enclosing two copies of the second draft Operation and Maintenance Manual (O & M) for the Manville Waukegan project for your review and comments. In addition, we have forwarded copies of the O & M to Eric Strang of W. W. Science and Engineering and Kurt Neibergall of IEPA for their review and comment.

As discussed with you earlier, the second draft O & M incorporates USEPA's comments from the first draft O & M as presented in your September 23, 1991 letter. We believe that the second draft O & M, incorporating USEPA's comments, is now approvable.

If there are any questions, do not hesitate to contact us.

Yours truly,

CONESTOGA-ROVERS & ASSOCIATES
